PH221 Recitation Syllabus

Instructor: Dan McCulley  
Email: mcculled@oregonstate.edu  
Website: http://physics.oregonstate.edu/~coffinc/COURSES/ph221  
TA Mail Box: #4 (located outside WNGR 234)

Availability Hours: Held in Weniger 334 (Wormhole)  
Mondays 2:00-4:00pm

Recitation Sections:  
Tuesdays: 9am (WNGR 304), 2pm (WNGR 304), 4pm (WNGR 275)  
Thursdays: 9am (WNGR 304), 2pm (WALDO 329), 4pm (WNGR 304)

You must attend your scheduled section unless other arrangements have been made in advanced.

Purpose: This course is the recitation for PH211 that meets for 50 minutes once per week. The course is additional instruction that complements the topics covered in lecture. My goal is to structure the class so that it helps you succeed in PH211. It is not a homework help session. At the beginning of class I will do example problems on the board. The rest of class time will be dedicated to practicing problems similar to the example.

Grading: The course is Pass/No Pass. A passing grade in the course is receiving 85% or higher.
  • Attendance  
    o 4 points per class. You lose 1 point for every 5 mins you are late.
  • In class exercises  
    o 6 pts per class. Most problems are group work and graded on completion. There will also be occasional graded quizzes that will be individual study. The problems and solutions will be posted on the course website.

Students with Disabilities: Students with disabilities documented at OSU that may need special accommodations or assistance should let me know as soon as possible. I want to make this class accessible to those of all abilities.

Religious Holidays: OSU strives to respect all religious practices. If you have religious holidays that are in conflict with any of the schedules or requirements of this class, please contact the instructor as early as possible to make alternative arrangements.
